

## Introduction to **Red Apple Inc.**

We are a experienced young company. Our varied talent base guarantees value beyond customer / partner expectations. We believe in “Customer Delight”.

### Area of interest / passion are...

Learning & Development	Staffing Solutions	IT Products & Services
Established in 2007, Red Apple Inc Learning and Development division is a convergence of highly skilled facilitators, trainers and training consultants who bring to the table a collective experience of several thousand man-days of training experience and know-how.	We understand importance of qualified manpower for our Business Partners / Clients. Our services are geared to increase productivity of your HR / Recruitment team by reducing time, effort and energy spent on recruiting qualified professionals into your core teams.	We cater to Small and Medium Business houses that are looking for value based IT solutions positively affecting their business.

### How would our partner benefit

- Our management members come with global experience and get involved in every customer engagement personally
- Our complete talent pool is available on need basis for seeing customer through to their success
- Diverse backgrounds of our team / associate members bring in multi-dimensional thought process into every engagement, thus increasing value brought to the table
- We strive through complex process to provide simple and effective solution that are result oriented
- Our partners’ success is directly coupled with our success. We work with scope that may or may not have defined boundaries
- We let our customers explore their point of view through us., providing a platform to explore possibilities and “what if” scenarios
